ORDER DELIVERY

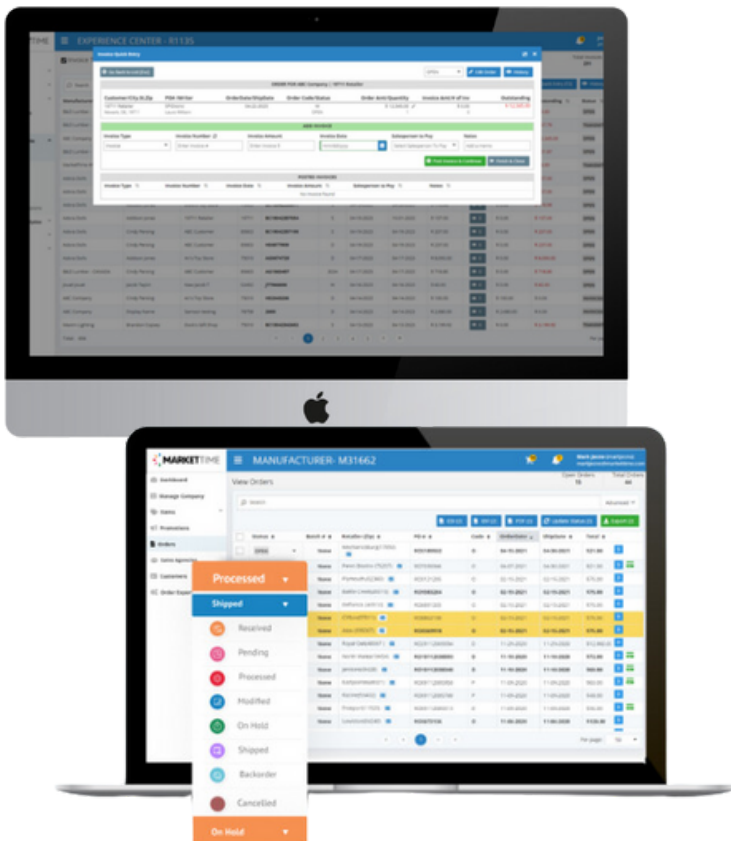

Collaborate effectively with your sales
teams and save valuable time

older-business-...jpg

Order Delivery

- Automatically receive order copies from your sales teams
- Full order history and live order status via cloud portal
- Schedule, batch, and export custom order files via FTP, EDI or API
- Clean orders for delivery into ERP (Customer and Field Mapping)

ORDER DELIVERY

Options to fit the needs of every brand

BASIC Access limited order history and process payments with mtCharge. No monthly / annual cost.

PLUS Manual order entry, with access to orders dashboard: best for Brands with minimal orders. \$600 / year flat fee.

PREMIUM Export & Import Orders: Best for Brands with 25-100 orders / month. \$100 / month depending on order volume.

ELITE Full automation for huge time savings: best for Brands with 100+ orders / month. \$120 / month depending on order volume.

Top 3 Reasons Customers Upgrade

- Save time and never manually re-enter an order again! Integrate your MarketTime account with your source system (Shopify, Quickbooks, NetSuite, etc.)
- Ensure only clean orders flow into your source system by mapping customer and order fields
- If you have both MarketTime and Brandwise accounts, you can streamline your order delivery process and receive all your orders in a single location
