

Connected CC Gateway

Hosted PCI Sunsetting 12024

How it Works

Process payments via credit card or ACH (digital check) directly within MarketTime/Brandwise. Schedule charges for orders on net terms. No need to have a 3rd-party gateway

Process payments via credit card directly within MarketTime/Brandwise using your 3rd-party gateway

Manually retrieve credit card tokens from Hosted PCI; copy the CC details into your preferred gateway; process payment outside of MarketTime

What it Does

Process Credit Cards	Yes, one-click charge, no tokens needed	Yes, one click charge with token	Yes, manual process, not in MarketTime
