- Can write orders without internet access
- Need internet access to transmit orders to the manufacturer or sync device

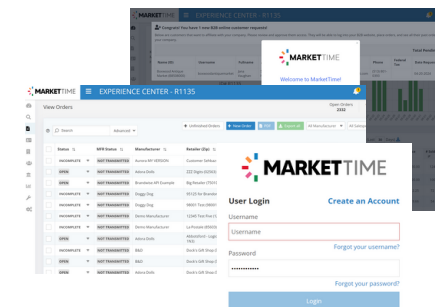

Key Points:

- Need internet access to use

Don't see the app you are using above? You may be using Brandwise Play for PC or the mtPlay iPad app, which are not connected to the MarketTime Platform. To write orders in MarketTime, please download one of the apps above or use the MarketTime web portal. Note that you must use your MarketTime login credentials with MarketTime order writing tools. Your Brandwise login credentials will not work and will prompt an error message.

Not sure what tool is best for you? Please consult your company admins for guidance. If you have a support issue on a MarketTime product, please email support@markettime.com; for Brandwise products, please email support@brandwise.com
