MARKETTIME

STREAMLINED PAYMENT PROCESSING

MarketTime offers powerful and flexible payment processing solutions to meet the needs of brands. Secure, convenient, and easy to use for brands, sales reps, and retailers.

MarketTime recommends mtCharge, our integrated payment processor.

1 Embedded Payment Processing in MarketTime w/ mtCharge

2 Credit Card Processing w/ a Connected 3rd-Party Gateway

3 Transmit Credit Card Tokens into Source System w/ a Connected 3rd-Party Gateway

How it Works

Embedded Payment Processing	Credit Card Processing	Transmit Credit Card Tokens

• Process credit cards, ACH (bank transfer) & AdHoc transactions
• Process payments directly in MarketTime / Brandwise
  ○ Add shipping and miscellaneous costs
  ○ Charge multiple payments against each purchase order
• Schedule out charges for orders on net terms
• Pre-authorizations
• Integrated Reporting
	• Process credit card payments directly in MarketTime / Brandwise with your connected 3rd-Party Gateway
	  ○ Add shipping and miscellaneous costs
	  ○ Charge multiple payments against each purchase order
	• Retrieve a 3rd-Party CC Token for processing in a connected 3rd- party gateway
		• Send a CC token with an order file directly into your source system with a connected 3rd-Party Gateway
		• Charge the card directly in your source system

What it Costs

Credit Card Transactions:	ACH Transactions:		
3.5% charge- No tokenization fees	1.0% charge	Fee structure of your existing payment gateway + 0.5% tokenization fee assessed by MarketTime	Fee structure of your existing payment gateway + 0.5% tokenization fee assessed by MarketTime
